Make a large heart out of twisted 16 gauge wire. Cut 12 large hearts out of Spectrum Pink Streaky, #608-8S, and 14 small hearts out of Spectrum Ruby Red Waterglass®, #152W. Wrap the perimeter of the hearts in either foil or lead, then tack solder the large hearts to the wire frame. Follow by overlaying the small hearts and tacking them to the large ones. Use box chain to dangle two small hearts in the center.
