Project Pattern Issue #47

**Kaleidoscope
Panel**

Materials:

- A) 1/2 sq. ft. or use nuggets or jewels (15mm)
- B,D,F) <1 sq. ft. each
- C,E,G,H,I) 1/2 sq. ft. each

- 1) Cut and foil four of each piece shown.
- 2) Assemble and solder the section shown on this pattern.
- 3) Set this section aside and repeat step 2 three more times.
- 4) Using the small illustration as a guide, solder your four sections together to complete the project.
- 5) Reinforce the edge with wire and solder a hanging ring(s) into a seam(s) of the panel.
