Spectrum Glass Color Suggestions

- A. 209FLE Firelight White
- B. 359-1s Red/White wispy
- C. I/329-6s Iridescent Dark Green/White
- D. 1009s Black Cathedral
- E. 291-61s Opalized Champagne

Embellishment Ideas:

- String small glass seed beads on 20 awg wire to “string” across the tree. Tack solder at edges.
- String glass bugle beads on 20 awg wire for the front of the coat. Tack solder to adjoining solder lines.
- Face details can be painted on or omitted.
